W. A. Wells, who is agent for the American Bible society, left this morning for Monterey, after spending some time in Matamoros and Brownsville.

J. H. Edwards, Esq., of Rio Grande City, arrived on the M. & M. train this afternoon in response to a telegram sent yesterday calling him to the bedside of his sister Mrs. Frank Champion, whose death occurred this morning.

THE BOUNDARY COMMISSION.

Matters of Interest to Parties Owning Land on the Rio Grande.

Martin Hanson Jr., county surveyor of Cameron county, has received from Col. Anson Mill, American commissioner on the International boundary commission, a printed pamphlet containing the conventions Nov. 12, 1884, and of March 1, 1889, between the United States and Mexico, and the twelve articles of the joint commission which is now engaged in the work of surveying the boundary. In an accompanying note Col. Mills says these documents "will give those citizens of the United States who may be interested an intelligent understanding of the character of the questions to come before the commission, and enable them, if they see proper, to comply with articles 4 and 5 of the convention of 1889."

The articles alluded to pertain to changes in the bed of the river, the cutting off of land on either side by such changes, and also to the construction on either side of revetments, jetties, etc.

These matters are of special interest to anyone owning land on the bank of the Rio Grande, which has been or is likely to be affected by such changes or constructions and such persons would do well to call on Mr. Hanson and read the articles mentioned.

NOT TO BE BLUFFED.

San Antonio's threat to build a railroad to Brownsville is only a "bluff" and should not be seriously considered by the good people of the Lower Rio Grande. The first railroad to reach that section will start from Corpus Christi and Mr. Sidney G. Miller of New York will be its builder. —Corpus Christi Caller.

Brownsville is much obliged for the Caller's kindly sentiments, but her citizens are men of brains and able to take care of themselves in a game of "bluff." If the Kansas City syndicate, said to be considering the project, wishes to build from San Antonio to Brownsville, our people would gladly do what they can to secure the road. Like Corpus Christi, Brownsville is not averse to having more than one railroad. However, their willingness to allow that Kansas City syndicate to build into Brownsville in no wise affects their contract with Mr. Sidney G. Miller. The people at this end of the line made the contract with Mr. Miller in good faith and will honorably comply with its terms. But little attention is paid here to the San Antonio project, as our people have not been approached on the subject. Cameron county has pinned its faith to Mr. Miller and looks to him to relieve its isolated condition by building the railroad from Corpus Christi.

PROPOSALS FOR CONSTRUCTION.—OFFICE Chief Quartermaster Department of Texas, San Antonio, Texas, MAY 9, 1894. Sealed proposals, in triplicate, will be received here until 12 o'clock noon, MAY 28, 1894, for the construction at Fort Ringgold, Texas, of a Frame Cavalry Stable and Corral, according to plans and specifications to be seen at this office and at the office of the Post Quartermaster at Fort Ringgold. Blank proposals and full instructions can be had on application. The U. S. reserves the right to reject any or all proposals. Envelopes containing proposals should be marked "Proposals for construction at Fort Ringgold, Texas," and addressed to G. C. SMITH, Quartermaster, U. S. A., Chief Quartermaster.

THE ANGEL OF DEATH.

Died, in this city, at 10 o'clock this morning, Mrs. Henrietta E. Champion, aged 28 years.

The deceased was the beloved wife of our fellow townsman, Mr. Frank Champion, and the daughter of Dr. and Mrs. A. L. Edwards, also of this city. Her illness was of several weeks' duration, but not until the past week had fears of her death been entertained. All that loving hearts and hands could do to stay the coming of the Angel of Death was done, but, alas, all was of no avail, and at ten o'clock this morning her bright young spirit winged its flight to a better world.

She leaves two little daughters, who are two young to realize the sad misfortune that has befallen them in the loss of a tender, loving mother's care.

The funeral will take place tomorrow morning at 9 o'clock, from the residence of Dr. A. L. Edwards on Washington street.

We join the numerous friends of the bereaved family in extending our deepest sympathy in their heavy affliction.

'T WAS PURELY ORIGINAL.

Rockport New Era. "What God would destroy He first makes mad," quotes our esteemed contemporary the Rockport New Era. Not having our dictionary of quotations convenient, we should like to ask Bro. Brahm where he gets his quotation? —Brownsville Herald.

The above is an original with us, and it is the fault of the compositor that it was placed in quotation marks. It was not so written. How does that suit you?

ON A PLEASURE TRIP.

Corpus Christi Sun. Atlee McCambell, James B. Wells, Grant R. Bennett and McNeill Turner will leave tomorrow on the Maggie May for Rockport. At Aransas Pass they will be joined by Barker, Maverick, Curry, Lewis, Reagan, Houston, and other prominent gentlemen of San Antonio. They all go on a pleasure trip, and anticipate a most enjoyable time.

DEAFNESS CANNOT BE CURED.

by local applications, as they can not reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hill's Catarrh Cure. Send for circulars, free.

WORLD'S COLUMBIAN EXPOSITION.

Will be of value to the world by illustrating the improvements in the mechanical arts and eminent physicians will tell you that the progress in medicinal agents, has been of equal importance, and as a strengthening laxative that Syrup of Figs is far in advance of all others.

Her Ad. ren: May I marry your daughter, sir? Her Father: What do you want to marry for? You don't know when you're well off. No, perhaps not. But I know when you're well off. —Tribune.

KNOWLEDGE.

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

SHIPPING LOAFERS EAST.

There is an organizer of the Coxey army at Ferguson Falls, Minn., beating up for recruits, and his method is a trifle original. He goes to the well-to-do citizens and asks them for the names of people that the community would be better without, and wants to know how much the people are willing to pay to be rid of them. He says that "If through the west the cities are raising large sums to send their 'unemployed' to the east, not that the movement is expected to have any effect on legislation, but that it is the easiest way to get rid of the great crowds of tramps and bums who flock to the west during its boom times, and are now a burden and a nuisance. One wealthy man in Ferguson Falls gave the organizer a list of 104 men whom he considered undesirable citizens, and promised him \$10 a head for as many of them as he would induce to go on the tramp, the money to be paid as soon as they reached Pittsburgh.
